EKIDEN 2023 – SOLIDARITY RELAY MARATHON (Saturday, October 21, 2023 - King Baudouin Stadium)

AFILIATYS supports the participation of its members, their colleagues, and families in this ever-popular sporting event. The goal is to promote the well-being and integration of our members through their participation in a sports and charity challenge open to all categories of runners.

Similar to previous editions, we encourage our teams to raise funds to support two projects selected and managed by the associations of colleagues from European institutions dedicated to fighting poverty within the European Union through Give Eur Hope, and funding sustainable projects in developing countries through *eu can aid!*

AFILIATYS has partnered with Give Eur-Hope and *eu can aid!* to provide technical T-shirts in the names of our three associations. Additionally, the "Be well" services of DG HR assist us with registration management. To register as a "EU team," contact HR-BEWELL-EKIDEN@ec.europa.eu.

We rely on your support to surpass the 2022 record of 130 teams and 762 runners from European Institutions, aiming for 150 teams in 2023. Together, let's increase the funds collected and demonstrate the solidarity of EU staff towards the less fortunate.

AFILIATYS SAINT NICOLAS 2023

Again this year, AFILIATYS invites the children and grandchildren of its members to celebrate Saint Nicolas under the tent of Alexandre BOUGLIONE, on Sunday, December 3rd. Three sessions are planned: 10:00 AM, 1:30 PM, and 5:00 PM. Information regarding booking details will be published in November.

AFILIATYS SUPPORT IN 2022

In 2022, AFILIATYS contributed €68,000 to cancer and serious illness research, support for the less fortunate, including Restos du Cœur, and through its partnership with Give Eur Hope, funding concrete projects combating poverty, social exclusion, and aiding Ukrainian refugees.

Consult the projects supported on our recently updated website: www.afiliatys.eu.

PARTNERSHIPS

The health situation over the last three years has forced many partners to revise their commercial policies and terminate their preferential offers to our members.

AFILIATYS is happy to propose new partners you will discover by consulting the "[our deals](#)" page of our recently updated website: www.afiliatys.eu.
